CALL FOR APPLICATIONS
IFS MENTORING 2023

Dear International Female Scholars,

After the successful tenth cycle of the International Female Scholars Mentoring Program (IFS Mentoring), the University of Cologne is pleased to announce a new cycle beginning in January 2023.

The program aims to supervise and empower female scientists during the advanced stages of their careers. The participants will benefit from the exchange with their mentors who come from the desired working fields. Through additional training and workshops, participants will gain insights into key aspects such as career planning, acquisition of project funds, gender in academia, and stress resilience. Individual coaching encourages participants to develop their own skills and competencies. The program facilitates an excellent platform to acquire and broaden participants’ professional networks.

- Target group: international female postdocs, junior professors as well as advanced doctoral candidates
- Program duration: one year
- Participation is free of charge
- Registration fee: 30 EUR

Please email your application, including an application form, your CV (if applicable with a list of publications) and a short letter of motivation, to Dr. Phuong Glaser (p.glaser@verw.uni-koeln.de) by October 23, 2022.

For more information on the program, please visit our website: www.ifs-mentoring.uni-koeln.de. Should you have any questions, please do not hesitate to contact me via email.

We look forward to receiving your applications.

Kind regards,

Phuong Glaser

Information Event

To support you during your application, we will be organizing an information event on September 20, 2022, from 11 a.m. to noon, at which we will provide you with further information about the mentoring service in the HR Department - Development for Researchers and advise you on the steps of your application. Please click here to sign up: https://uni.koeln/Y79QU
